

CECW-PA 4 NOV 93

MEMORANDUM FOR MAJOR SUBORDINATE COMMANDS AND DISTRICT  
COMMANDS

SUBJECT: Rescission of Policy Guidance Letter No. 2R, New Start Construction  
Projects - Responsibility for Alterations or Railroad Bridges - Flood Control

1. The current policy for cost sharing the relocation of railroad bridge, and approaches necessary for flood control purposes, as a project construction cost rather than a locally provided lands, easements, rights-of-way or relocation (LERR) element will apply in all cases, including the construction of new railroad bridges over channels constructed in fast lands or new channel alignments.
2. Policy Guidance Letter No. 2, dated 18 September 1987, restricted the policy on new railroad bridges to projects where the original authorizing documents reflected the proposed new bridge as a Federal cost. This guidance letter removes that restriction.

FOR THE COMMANDER:

STANLEY G. GENEGA  
Major General, USA  
Director of Civil Works
